Superior Products

SHEERSENSE® IS THE LICENSED UK
BROKER FOR SENECE
INTERNATIONAL PRODUCTS.

Joni Rogers-Kante

Joni Rogers Kante, CEO and Founder of SeneGence International, had a vision of a company with products that really work and a career that really works long before finding the premier product. Once she discovered a long-lasting liquid lip colour unlike anything she had seen before, she knew she needed to share it with the world.

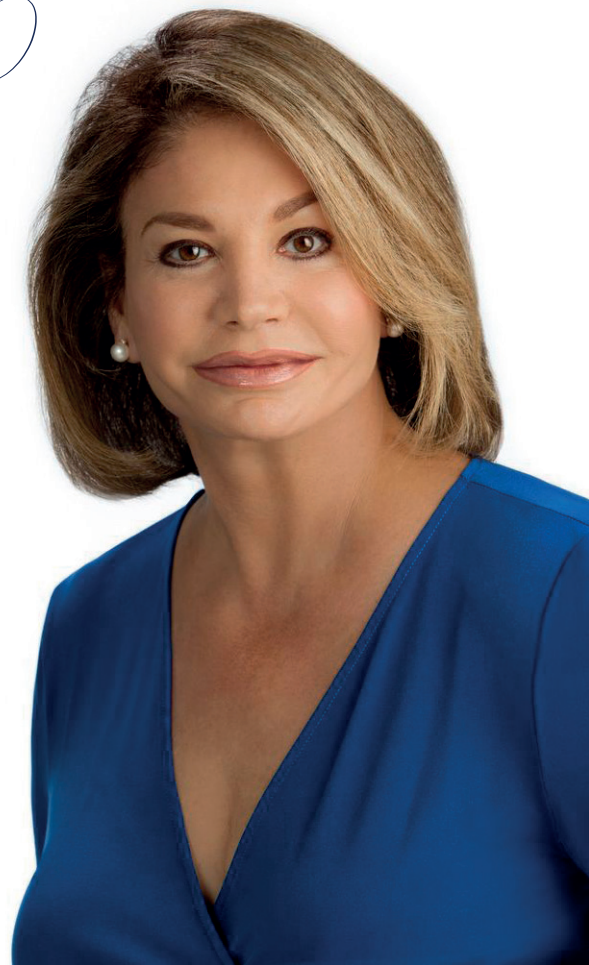

In 1999, SeneGence exploded into the marketplace with the launch of LipSense® patented colour technology, and SeneGence quickly rose in popularity as the creator of the original long-lasting lip colour.

This was only the beginning of an entire line of long-lasting cosmetics and revolutionary anti-ageing skin care products. Over the years, SeneGence has grown to support thousands of successful careers and satisfied customers around the world and remains steadfast in its commitment to use only the most advanced technologies to make skin more beautiful.

I stand behind our products 100% and truly believe that your skin will look more beautiful in 30 days when using our 24 hour anti-ageing skin care and long-lasting colour systems.
