

BlushSense® Long Lasting Cream Blush

Long-lasting, creamy BlushSense with SenePlex+® provides the perfect touch of natural-looking color. The velvety cream formula smooths and blends beautifully onto skin and provides a flawless finish that lasts all day. Enriched with our proprietary SenePlex+ Complex and beneficial vitamins and botanicals, it also provides advanced anti-aging protection and works to make skin appear more radiant and youthful. It is truly color that cares for your skin. Shades can be blended to create custom colors, or used separately to highlight, define, and contour. Please refer to the current SeneGence Beauty Book for shade selection offering.

The Science Behind the Product

BlushSense adds another layer of hydration to your skin, while adding a gorgeous touch of color that helps highlight and define your features. Made with long-lasting color technology, it is water-resistant, smudge-resistant, and blends beautifully with any creamy SeneGence Cosmetics for a natural look.

BlushSense is packaged in a 0.25 oz airless bottle that reduces the probability of product contamination and allows maximum dispensing.

Key Benefits

- Highly pigmented formula- a little goes a long way.
- Super creamy and blendable for a natural look.
- Long-lasting, water resistant and smudge resistant.
- Contains skin-loving ingredients.
- Formulated without: Gluten, Parabens, or Animal By-Products

Key Ingredients

Vitamins B and E: Aid in protecting skin from environmental stressors and soften the appearance of fine lines and wrinkles.

Sodium Hyaluronate: Helps to attract and restore skin's hydration, promoting a more revitalized and youthful-looking complexion.

Aloe Vera Leaf Juice: Natural plant extract which is soothing and hydrating.

SenePlex+: Powerful proprietary complex that helps reduce the signs of aging.

Directions for Use

Following foundation, place a small amount of BlushSense onto the cheek area, by applying just a few dots of color near the top of cheekbone. BlushSense is richly pigmented, so a little goes a long way. With a makeup brush, blender sponge, or clean fingertip, blend well, down onto the apple of the cheek.

Tip: For first use, make sure to prime the pump well by pumping several times until product dispenses.

Remove by using Fooops!® Color Remover Liquid or Wipes.

FAQ's

What types of skin can use this product?

BlushSense is suitable for all skin types.

How long will one bottle last in usage?

This will depend on how often you use the product. With once daily use at one pump per use, your BlushSense can last up to 2-3 months before needing to repurchase.
