

## Body Butter

Say hello to the richest and most emollient body moisturizer in the SeneGence® Body Care line, and the last body butter you'll ever need. The amazing moisturizing ingredients allow you to experience dry skin relief with each application of this luxurious body butter, while the delicate water blossom and citrus scent refreshes and calms you for a spa-like experience.

### The Science Behind the Product

Body Butter delivers deep conditioning like you've never felt, especially for those extra dry areas of the body in need of a little more help. Enriched with the anti-aging properties of the SenePlex+, shea butter, ceramides, and hydrating, non-greasy botanical oils, our Body Butter melts into your skin, leaving it deeply conditioned, moisturized, and feeling restored.

Body Butter offers intense moisturization with the help of added ceramides. Ceramides are naturally occurring lipids that make up over 50% of our skin's composition. They serve an important role in the structure and help protect the skin barrier from moisture loss. With age and environmental exposure, our skin experiences a steep decline in ceramide levels, causing it to look and feel dry, dull, and cracked.

Additionally, Body Butter is packed with naturally moisturizing shea butter, a natural plant lipid.

Body Butter includes ceramides and shea butter to help enhance the skin's moisture barrier and to help prevent precious moisture from escaping.

The addition of hydrating Nangai, Rapeseed, and Castor oils, Sodium Hyaluronate, and botanical antioxidant extracts lock in even more hydration to help protect skin from drying out.

## Key Ingredients

**Ceramide NP:** an exceptionally pure ceramide containing a structure identical to that found in the human skin. Helps reinforce the natural lipid barrier of dry and aging skin to help maintain skin's moisture balance.

**Shea Butter:** Shea Butter is considered a plant lipid. It is very effective as a skin moisturizer and helps to prevent moisture loss.

**Nangai Oil:** A natural oil derived from the Nangai nut that deeply hydrates and soothes skin.

**Sodium Hyaluronate:** Helps to restore the skin's moisture, promoting a more revitalized and youthful-looking complexion.

**Rapeseed and Castor Oils:** botanical oils that are rich in fatty acids and antioxidants, which help to smooth, moisturize and help protect skin from free radicals.

**SenePlex+:** Powerful proprietary complex that helps reduce the signs of aging.

## Directions for Use
