

MakeSense Color Correcting Tinted Moisturizer

Enjoy a color correcting tinted moisturizer with sheer coverage, that helps to perfect skin tone and protect skin all in one, unique product. This smooth cream with Light to Deep color coverage can be blended over moisturizer, and under foundation, if more coverage is desired. It works to camouflage the appearance of discoloration and blemishes, while nourishing skin with beneficial ingredients.

The Science Behind the Product

MakeSense Color Correcting Tinted Moisturizer is a virtually weightless tinted moisturizer formulated with pigments that help to conceal the appearance of uneven skin tone, such as redness, freckles, blemishes, and sun or age spots. For those who desire a barely-there light, fresh and flawless skin tone, our “CC” cream is the perfect, advanced skin care + makeup solution, as it can be worn alone or as a base under your foundation.

The formula is packed with beneficial botanicals and minerals which help to nourish and protect skin, helping skin to look and feel more beautiful.

Ingredients rich in antioxidants, as well as SenePlex+ help to protect skin and reduce the appearance of aging.

Key Benefits

- Helps camouflage skin imperfections for a flawless appearance
- Sheer to light natural coverage
- Helps nourish, protect and moisturize skin
- Suitable for all skin types
- Formulated without animal by products, parabens, and gluten

Key Ingredients

SenePlex+ Complex: Powerful proprietary complex that helps to reduce the signs of aging.

Arnica Montana Flower Extract: natural plant extract that helps soothe skin.

Camellia Sinensis (Green Tea) Leaf Extract: effective antioxidant that helps protect skin.

Vitamins A, B, C and E: helps to improve the appearance of skin firmness, aids in protecting skin from environmental factors.

Orchis Masculina (Orchid) Flower Extract: powerful anti-oxidant and humectant that hydrates skin.

Simmondsia Chinensis (Jojoba) Seed Extract: a moisturizer and emollient to help improve the appearance of skin firmness and suppleness.

Spirulina Maxima Extract: hydrating, skin-conditioning, and toning.

Pisum Sativum (Pea) Extract: aids in promoting the appearance of skin suppleness and elasticity.

Vulgaris Extract (Golden Bamboo): Hydrates and gives skin a youthful bounce.

Sodium Hyaluronate: helps to restore the skin's moisture, promoting a more revitalized and youthful-looking complexion.

Copper, Magnesium, and Zinc PCA: skin-loving minerals that help to condition and moisturize skin.

Directions for Use

Spread on face for a smooth, natural look and to help cover up imperfections. Follow with MakeSense Foundation for more coverage.

FAQs

Q: What is the coverage of MakeSense CC Tinted Moisturizer?

A: At its lightest application, MakeSense CC Tinted Moisturizer offers sheer coverage. Coverage is buildable, and at its heaviest application, light to medium coverage can be achieved. For more coverage, use MakeSense Foundation in Original or AAA over your MakeSense CCTM.

Q: What is the difference between MakeSense CC Tinted Moisturizer and MakeSense Foundation?

A: While both products provide long-lasting coverage in unique formulas that are a combination of cosmetics with skin care to give you an impeccably flawless finish, MakeSense CC Tinted Moisturizer offers sheer coverage, and MakeSense Foundations offer medium to full coverage.

Q: Is [insert ingredient] in MakeSense CC Tinted Moisturizer?

A: The full ingredients lists for MakeSense CC Tinted Moisturizer are publicly available on www.senegence.com.
