

Smoothing Body Scrub

Exfoliate away impurities and dry skin with this gentle yet effective all-over body scrub. Volcanic ash will buff your body's skin to a smooth, healthy-looking glow and allow for better moisture absorption.

Formulated with moisturizing ingredients like shea butter, ceramides, Nangai Oil, Coconut Oil and SenePlex+®, Smoothing Body Scrub gives you smooth, soft skin perfectly prepped for Advanced Hydration Body Lotion.

The Science Behind the Product

Help make skin on your body beautiful, soft, and smooth with this gentle but highly effective body exfoliator.

Essential to the function of the formula is Volcanic Ash sourced from the island nation of Vanuatu. Volcanic Ash is an effective ingredient that exfoliates, helps to draw out impurities and smooth skin texture.

Exfoliation is essential to your skincare routine because it helps to speed up the process of removing dead top skin to expose finer skin underneath. This in turn allows for better moisture absorption of lotions and moisturizers, to help create soft, smooth, and healthy-looking skin. Smoothing Body Scrub supports exfoliation of skin all over the body, and especially of difficult areas like feet, elbows, and hands.

Smoothing Body Scrub exfoliates while offering moisturization with the help of added ceramides. Ceramides are naturally occurring lipids that make up over 50% of our skin's composition. They serve an important role in the structure and help protect the skin barrier from moisture loss. With age and environmental exposure, our skin experiences a steep decline in ceramide levels, causing it to look and feel dry, dull, and cracked.

Our body scrub includes ceramides to help enhance the skin's barrier and prevent precious moisture from escaping. The addition of rich moisturizing shea butter, coconut oil, hydrating Nangai oil, Sodium Hyaluronate, and botanical extracts aid in further conditioning and hydrating for soft, smooth skin.

Key Benefits

- Helps to speed up the process of removing dead top skin to expose finer skin underneath, allowing for better moisture absorption of creams and moisturizers.
- Formulated with ceramides, shea butter and botanical oils and extracts for unparalleled moisture deliverance.
- Formulated without: Sulfates, Gluten, Parabens, or Animal By-Products

Key Ingredients

Volcanic Ash: exfoliates dead skin.

Coconut Oil: comprised of a unique combination of natural lipids, coconut oil deeply hydrates and helps to lock in moisture, soothes, and calms skin.

Ceramide NP: an exceptionally pure ceramide containing a structure identical to that found in the human skin. Helps reinforce the natural lipid barrier of dry and aging skin to help maintain skin's moisture balance.

Shea Butter: Shea Butter is considered a plant lipid. It is very effective as a skin moisturizer and helps to prevent moisture loss.

Nangai Oil: A natural oil derived from the Nangai nut that deeply hydrates and soothes skin.

Aloe Vera Leaf Juice: Calms, soothes, and moisturizes skin.

Triglycerides: Essential fatty acids that help enhance your skin's ability to retain moisture.

Sodium Hyaluronate: Helps to restore the skin's moisture, promoting a more revitalized and youthful-looking complexion.

SenePlex+: Powerful proprietary complex that helps reduce the signs of aging.

Directions for Use

Massage onto skin in areas needing extra exfoliation. Rinse and pat dry.

FAQ's

How often should I use this product?

You can use Smoothing Body Scrub weekly or as needed to exfoliate skin on the body.

How long will one bottle last in usage?

This will depend on how often you use the product. With once weekly use, your Body Scrub can last up to 3-4months before needing to repurchase.

Is there any added fragrance in Body Scrub?

Yes, there is a very light, clean-smelling scent in Smoothing Body Scrub, which is a lavender-rain scent.
