

Sweet Relief Magnesium Spray

Elevate your daily experience with our Sweet Relief Magnesium Spray, a companion to our essential oil proprietary blend lotion stick. Expertly crafted to promote relaxation and relief from your day-to-day.

You can make the most of the Sweet Relief blend, whether unwinding after a long day or seeking a sense of comfort and relaxation while on the move, our Sweet Relief blend promotes tranquility to enhance your well-being.

Magnesium is one of the most abundant minerals in the human body and an important nutrient that plays a crucial role in overall health and well-being.

Embrace the soothing comfort it brings and enjoy every moment to the fullest.

The Science Behind the Product

When health, wellness, & beauty harmonize, you find a powerful collaboration between Joni Rogers-Kante, the genius behind SeneGence®, and the essential oil proprietary blends guru from Jordan Essentials®, Nancy Bogart. They've joined forces to create some incredible products together.

Together, these two companies bring forth a synergistic fusion of expertise and innovation, creating products that not only enhance beauty but promote overall well-being.

SeneGence® is widely recognized for its cutting-edge skincare and cosmetics, formulated to provide long-lasting clean beauty solutions. On the other hand, Nancy Bogart, as a Certified Aromatherapist, brings deep understanding of therapeutic benefits of essential oils. Her expertise lies in formulating proprietary blends that harness the power of botanical extracts to promote health & wellness.

Through their collaboration, SeneGence® and Jordan Essentials® combine their respective strengths to create products that not only beautify but also nurture the skin and uplift the spirit. These wellness products are infused with SeneGence's proprietary blend, SenePlex+® with carefully selected essential oil blends, offering a holistic approach to beauty and well-being. Both companies emphasize the importance of high-quality, clean ingredients that are free from harmful chemicals such as parabens, sulfates, pesticides, and synthetic fragrances.

Essential oil proprietary blends work synergistically with the body and mind by combining olfactory receptors in the nose connecting to a physiological response or effect to encourage the mind and body to achieve a state of balance and harmony.

The aroma of essential oil blends can influence mood and mental well-being leading to help improving cognitive function, better concentration, and uplifting the mood.

Why apply Magnesium topically?

When blends are applied topically, the products apply onto the skin to help support and inspire your wellbeing.

Magnesium Chloride is the optimal choice for topical Magnesium application. With the approach of applying the stick or spray to a localized area it may help create a sense of relaxation to help promote restful sleep.

Apply the Magnesium stick or spray directly to areas you feel it is most needed. Topical application offers a convenient and non-invasive delivery.

Our essential oil proprietary blend is housed in a blue BPA-free plastic spray bottle. The bottle helps block out light to keep the blend protected. Also, the elegant appearance of the blue bottle adds a touch of SeneGence® with luxury and sophistication to the blend, enhancing the overall aesthetic appeal.

Key Benefits

Key Ingredients

Magnesium Chloride(21%): an essential mineral that is crucial to the body's functions. May offer skin benefits and help promote a sense of calm.

SenePlex+®: powerful proprietary complex clinically proven to help fight the signs of aging; when used at the clinically tested level, helps to accelerate skin renewal process to help improve skin's hydration levels, leading to the appearance of luminous, brighter, and smoother looking skin texture.

Copaiba Essential Oil: aromatherapy benefits promoting comfort and calmness.

Lavender Essential Oil: renowned for its ability to create a relaxing atmosphere.

Sweet Basil Essential Oil: the scent helps to promote a sense of calm and relief.

Peppermint Essential Oil: helps to promote relaxation of the mind & body by providing a cooling sensation.

Directions for Use

Shake the bottle gently.

For Body Use: hold the bottle about 6-8 inches away. Close your eyes and spray lightly over your body, focusing on areas where you desire relaxation or relief. Allow the mist to settle on your skin. You can gently rub it in if desired. Enjoy and relax!

For Linen Use: hold the bottle about 10-12 inches away. Spray lightly over your sheets, pillowcases, blankets, clothing, in your vehicle, or any other linens you wish to refresh. Enjoy and relax!

Store the bottle in a cool, dark place away from direct sunlight.

Keep out of reach of children and pets.

Avoid spraying directly onto your eyes or broken skin.

Discontinue use if any irritants occur.

Perform a patch test before applying to sensitive skin or new linens.
