

# Hand Cream

This rich hand moisturiser is packed with ceramides and emollient rich shea butter to soothe, and botanical oils and extracts to condition hands while leaving no greasy feeling behind. SenePlex+ delivers anti-aging benefits for soft, smooth, and hydrated hands.

## The Science Behind the Product

SeneGence Hand Cream is richly moisturising while feeling light on your hands. It is non-sticky and delivers intense, advanced hydration and anti-aging benefits to hands. It helps to restore moisture and protect from moisture loss that your hands experience throughout the day from environmental stressors, natural elements, and daily activities like hand washing.

Hand Cream includes ceramides to help enhance the skin's barrier and prevent precious moisture from escaping. The addition of rich moisturising shea butter, hydrating Nangai oil, Sodium Hyaluronate, and botanical extracts lock in even more hydration and help protect hands from drying out.
